**REQUEST FOR PAIR DOCKET CORRECTION DUE TO OFFICE ERROR**

Sir:

Pursuant to the conversation between Examiner Richard C. Weisberger and Paralegal Meera Park on February 24, 2010, Applicants submit this letter in reply to the Non-Final Action dated September 8, 2009, which was erroneously docketed by the USPTO for the patent application identified above.

The current status on PAIR indicates that a Non-Final Action was mailed by the USPTO on September 8, 2009 (See Exhibit 1). The only items on record dated September 8, 2009 under the Image File Wrapper are two duplicate Examiner Interview Summary Record (PTOL-413) documents (See Exhibit 2). The enclosed Exhibits confirm the status of the

application, image file wrapper, and transaction history, which confirms that no Non-Final Office Action issued from the USPTO. Accordingly, Applicants have not been mailed and have not received a Non-Final Office Action dated September 8, 2009.

Further, our records and PAIR indicate that a Request for Continued Examination (RCE) was filed on August 25, 2009 (see Exhibit 3, which is a copy of the RCE filed on August 25, 2009, plus confirmation receipt of such filing; this response also includes an interview summary). Since no new action was issued by the USPTO since the filing of the Request for Continued Examination, the current status on PAIR should be "Docketed New Case - Ready for Examination". Applicants respectfully request that the Examiner make the correction to the USPTO docketing system and correct the status on PAIR.

Due to USPTO error, it is respectfully submitted that no fee is due for this response.

Respectfully Submitted,

Date: February 25, 2010
